Have a seat, Have a  **Decosit™**

The Vision Started in 1990...

Our company, in operation since 1990, is dedicated to becoming a more responsible company by investing in the future, aside from continually enhancing its product range and quality standards.

We operate with sustainability principles, from eco-friendly raw materials to a zero-waste paint line, waste separation policies, and green energy investments extending from design to packaging.

We value our employees, considering their safety and comfort in our processes, supported by our state-of-the-art machinery investments.

Additionally, we prioritize our customers and business partners, listening to them, designing according to their needs, and delivering services promptly with the assurance of our strong brand.

DECOSIT will continue its journey as a company fostering customer loyalty, being innovative, growing with stakeholders, creating value, and remaining environmentally conscious, all while upholding humane values.

Nazar Sigaher
Designer

He graduated from Mimar Sinan Fine Arts University, Department of Interior Architecture in 2006. Working in many architectural firms during and after his education, the designer also focused on furniture design. The seating system named "Over", one of his designs, was included in the 2006 collection of Derin firm. "Over" was exhibited at Milan design week and New York ICFF. The designer was selected as one of the 10 promising designers from Turkey by Wallpaper magazine in the same year.

Edvar Design
Designer

After completing their education at ITU, Emrah and Emel Son dived into the world of design and founded Edvar Design. They took part in many organizations and exhibitions with their designs. They made designs for domestic and foreign manufacturers in the furniture, kitchenware and consumer electronics sectors. Edvar Design aims to produce innovative works with a timeless line that attaches equal importance to aesthetics and function in their designs. They continue to produce works that aim to improve themselves and to contribute to the universal world design from Turkey.
